## **2021 SPORT RANGE**

SUSSEX SPECIAL EDITION BY SWIFT CARAVANS

**Sussex**   
"The Caravan & Motorhome Centre"

# SPORT

For 2021 the new Sussex Sport range offers a choice of five models, from two to six berths, catering for couples and families.

Its streamlined profile and stylish interior combined with a high specification, including an impressive list of special edition features as standard, offer a level of luxury you would normally only find in more expensive caravan ranges.

Boosting specification levels further is the easy to use Swift Command control system along with the option to subscribe to a pre-installed Thatcham Category S7 approved pro-active tracker.

Built with industry leading SMART construction, the Sport is more durable making it an even better investment.

**Weights:** The masses are calculated in accordance to EU regulation 1230/2012 and NCC code of practice 304.

The Mass in Running Order (MRO) comprises:

1. The mass of the empty caravan as supplied by Swift including loose items such as the hook-up cable, kit bag, entrance step, manuals etc
2. 10kg allowance for LPG

The MRO is calculated with the fresh water tank, toilet flush tank and water heater empty. If you travel with water in the fresh water tank, toilet flush tank and the water heater the payload will reduce accordingly.

The personal effects is based on the number of berths and the length of the caravan and includes an allowance of 20kg for a leisure battery. The Maximum Technical Laden Mass (MTPLM) is the maximum mass allowed when the caravan is fully laden.

**WARNING:** Under no circumstances should the MTPLM be exceeded.

**Please Note:** Any dealer fit options will reduce the overall payload available to the user of the caravan.

If you require additional payload it is possible to upgrade the MTPLM to the upper limit. Please contact your Swift caravan dealer for more information.

**Bed Sizes:** Please note that the front double bed sizes quoted are for seating configurations without a chest of drawers. The front double bed width for a layout with a chest of drawers fitted, will be reduced by 0.4m (1'4") from that stated.

**Awning Sizes:** Due to varying awning designs and sizes the awning sizes given are approximate only. Specific awning sizes must be confirmed by your dealer or awning manufacturer prior to purchase.

\* The dimensions given are approximate due to slight variations in suspension ride heights, loading conditions and tyre pressures

Customers should verify the actual dimensions of their touring caravan before committing to anything that could be impacted by these dimensions.

**LED Road Lights:** Certain vehicles may require a secondary fuse box when towing models fitted with LED road lighting.
